

WILL FIGHT IN LEGISLATURE.

Illinois Prohibitionists Now Hope for State Law.

Pleased by Victories Won in Tuesday's Elections.

Expect Saloon Interests to Make Bitter Struggle.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, April 8.—(Exclusive Dispatch.) That the result of the local option vote of yesterday has drawn the lines for a furious struggle between the prohibition and the liquor forces for the control of the State Legislature, was the declaration made by Alonzo E. Wilson, chairman of the State Prohibition Committee, this morning.

He declared that the "dry" victories at the polls yesterday were but the beginning of the troubles of the saloon interests, and that the fight was bound to be carried into the Legislature, the prohibitionists fighting for a State prohibition law, the saloon interests striving for the repeal of the Sunday closing statute, and a modification of the present local option law.

The prediction prediction of anti-saloon leaders, that there would be forty all-dry counties in Illinois this morning, was asserted to have been fulfilled, the count thus far showing thirty-six counties from which the saloon has been voted out, and the doubtful ones, at least four are thought to have gone dry.

The total number of saloons abolished was placed at 1500, reports received at prohibition headquarters early in the day indicating that the figure given out last night was too small.

The results of the election, said Mr. Wilson, "clearly place the lines to the liquor interests, but we can promise them even less pleasant times ahead. It indicates that there will be a furious battle for seats in the Legislature between the prohibition party and the saloon interests on the one hand, and the United Societies and the Liberty League on the other.

"The prohibitionists will fight for candidates favoring a State prohibition law, while the United Societies undoubtedly will try to elect men committed to the policy of repealing the Sunday closing regulation, and of modifying the present local option law. In this fight the prohibitionists will win a glorious victory and will send at least twenty-five members in the next Legislature."

The presentation to the next Legislature of a bill divorcing city and township elections on the local option proposition will be one of the results fought about by the saloon interests made yesterday through the State by the anti-saloon element, according to President John Keelling of the United Societies.

The following counties went "dry" in every township yesterday: Mason, Fayette, Greene, Brown, Shelby, De Witt, and nearly every township in Sangamon county except the capital and New Berlin. In Christian county all but one township, Assumption, with two saloons, went dry. In Mason county all except the town of Grafton. The following large cities in the State went dry: Rockford, Decatur, Galesburg, Pontiac, Kankakee, Mattoon, Dixon, Litchfield and Clinton.

The smaller cities and towns which went dry include Mason City, Pittsfield, Carrollton, St. Charles, Oregon, Belvidere, Plainfield, Brighton, Bunker Hill, Newburg, Grafton, Chesterfield, Le Roy, Colesburg, Danvers, Easton, Edinburg, Middletown, Maroa, Shipman, Forest City, Kilmory, Jerseyville, Taylorville, Vandalia, Elkhart, Pana, Vandalia, Morris and Wheaton.

The following villages and towns were among those which went dry: Chatham, St. Elmo, Mattoon, San Jose, Bath, Pleasant, Plaine, Riverton, Niagara and Davenport.

The result of yesterday's election in Chicago shows a decisive victory for the Municipal Voters' League, a body which considers the general fitness of candidates and indorses or opposes them without regard to party. Of the thirty-five candidates who were elected, twenty-four were indorsed by the league, nine were opposed by it and two were neither indorsed nor opposed.

The new City Council will consist of forty-four Aldermen who are indorsed by the Municipal Voters' League, sixteen opposed by it and ten who were neither indorsed nor opposed.

The complete returns show that the political complexion of the new City Council will be: Republicans, 43; Democrats, 22; Independent Democrat, 1.

WISCONSIN DEMOCRATS VOTE.

(BY THE ASSOCIATED PRESS.—A.M.) MILWAUKEE, April 8.—The Democratic voters yesterday elected delegates-at-large and from districts to the national convention, the list being the same as named at the February State convention.

The convention instructed its delegates to vote for William J. Bryan first, last and all the time. The Democratic delegates-at-large are Herbert H. Manton of Wausau, Charles H. Wetzel of Sheboygan Falls, John A. Aylward of Madison and Elvin Hart of Milwaukee. Complete city returns from yesterday's municipal election in Milwaukee gives David S. Roe, Democrat, for Mayor, 227 plurality over Emil Seidel, Socialist-Democrat. The total vote was: Roe, 22,114; Seidel, 20,267; Pringle (Rep.), 13,154.

For Comptroller, August Gavin, Democrat, was elected by a plurality of 2785 votes, and Vincent Schenker, Democrat, Treasurer, with a plurality of 4432. Democrats will control the new Council, having elected all of the twelve aldermen-at-large and eight from the wards. The Social-Democrats elected nine and the Republicans six aldermen.

John Barnes of Rhineclander was elected justice of the Supreme Court over Robert M. Bashford by a large plurality.

La Follette delegates-at-large to the Republican National Convention were elected, as were nearly all the district delegates favorable to the Wisconsin Senator. The Eighth District is in doubt, and the Tenth is claimed by Taft supporters.

FINE LOT OF FIERCENESS.

Oakland Gives Bad Show of Poor Baseball.

Make Nine Large Errors in Very Dusty Game.

Locals Hit McFarland for Nineteen Swats.

Los Angeles, 11; Oakland, 2.

There were only three things needed out at Chutes Park yesterday to make the fourth game between Los Angeles and Oakland a grand and glorious affair. The first necessary one was a large army of policemen to run on the field and arrest the Oakland players before the game began. The next was a flock of sprinkling wagons to put down the smoke that blew across the field all afternoon and the third was some one to pour several barrels of water down the holes of the flimsier bands in the circus across the way. If the first had happened the game would not have been called for, but as there was nothing stirring in the line of charity the fans had to sit and take what was coming to them.

What they did get was the very thing that unhinged the reason of the "great" game. History is not clear on this important point, but if he was wild at first, he would have become tame if he could have seen yesterday's ball game. The 200 fans that the dust didn't chase into the circus saw the greatest show on earth, for there was everything they expected to see and a lot they didn't expect to see.

The history of the struggle would be a repetition of telling about new kinds of errors, freak swats, and roars by Van Halton; a bunch of hits by Los Angeles, and fine pitching by Thomsen, who did not actually pitch on his first appearance. This he followed by a low ball and four singles, and struck out eight men, and while he made an error that counted in a double play, he was so good that the Oaks never really had a chance. They doubtless thought that if they couldn't hit him, they would get even with some one else by throwing it around and kicking it in a winning manner. There were two in the line of the eight the locals came to the ball to witness parts of the game, and these wild ones and the looks resulted in enough runs to win six games.

It was a fun-bait contest that started in the first inning and the Oaks and he was certainly in the line of the eight the locals came to the ball to witness parts of the game, and these wild ones and the looks resulted in enough runs to win six games.

The boy he put in Carnes' place in the second inning he was in the line of the eight the locals came to the ball to witness parts of the game, and these wild ones and the looks resulted in enough runs to win six games.

The Oaks made their first run in the first inning, which started with Thomsen's single to left and Cook's single to right. The third was due to Ellis' hit and steal. The fourth was due to Ellis' hit and steal.

Los Angeles scored first on Oaks' single to left and Cook's single to right. The third was due to Ellis' hit and steal. The fourth was due to Ellis' hit and steal.

GOLF AT ANNANDALE UNDER HEAVY WINDS.

FINE scores made under the adverse condition of a heavy wind and rain, capturing of the record score for the day of 84 by Miss Ruby Chapin of Annandale Country Club, were the features of the qualifying rounds in the women's championship of Southern California golf tournament, which opened at Annandale Country Club yesterday afternoon.

Those who qualified were: Miss Ruby Chapin, Annandale, 84; Mrs. W. A. Alexander, Annandale, 85; Miss Reeta West, Victoria Club, Riverside, 104; Mrs. C. Sturges, Coronado, 104; Mrs. M. Chase, Victoria Club, Riverside, 104; Mrs. J. V. Elliott, Annandale, 112; Miss A. H. Tobey, San Gabriel, 114.

The low score for the 18-hole course, made by Miss Ruby Chapin of Annandale and Chicago, was a complete surprise to every one but her coach, Albert Taylor. She predicted her winning by her phenomenal long drives over the windy course. She did exactly, and showed better play during the wind coming in than on her outward journey with the wind at her back.

SAINTS AND PASADENA. The St. Vincent's High School nine and the Pasadena High School team have arranged a game for this afternoon on the Santa's diamond. As the Crown City boys gave the Vincentians first team two good games early in the season and came close to beating away with the second, today's game should prove fast, Lockwood and Wachob will probably do the battery work for the visitors, while F. Couts and Yaberg will divide the job of pitching, with Phillips behind the bat for the younger Saints.

U.S.C. Bell Teams. The crack nine of the College of Dentistry will play the Liberal Arts team of U.S.C. this afternoon on the university diamond at 2:30 o'clock. The contest is expected to be the best game played on the local field this year.

Line-up: Dental School. Burek, catcher; O'Connor, pitcher; Croesman, first base; Melsonheimer, second base; Schildwager, third base; Odell, shortstop; Wierzbach, left field; Gater, right field; King, right field; Von Schwartz, Hall.

Buttans for Footballers. Only two of the last year men leave the school and Sorenson thinks he already has their place filled.

ALASKA SNOWS BAR THE WAY.

SAN FRANCISCO, April 8.

—Julius Chaffray, who is caring for the French drivers in the New York to Paris automobile race, has received a telegram from the commandant at Fort Lacombe, Alaska, to which point the American car is now bound stating that the Key-stone Cañon is not open and it will be impossible for any automobile to go through there.

Mr. Ellsler said he had nothing to say in reference to the matter. Miss Marlowe evidently first heard of the action when she reached here. During the afternoon she took an automobile ride with her manager and other members of the troupe. Tonight, however, she went word to Manager Gustaf, which Manager Gustaf will have to refund.

The theater was nearly sold out and the sales amounted to more than \$1000. Miss Marlowe has nothing whatever to say at this time. At the proper time and place she will speak.

TO BESMIRCH WIFE'S NAME. Mrs. Hart McKee's Lawyer Tells French Judge That Is Real Reason of Millionaire's Chase.

(BY THE ASSOCIATED PRESS.—A.M.) PARIS, April 8.—The Hart McKee divorce suit was continued today. Maître Berthouin on behalf of Mrs. McKee concluded the pleading in rebuttal.

The Italian nobleman with whom it is alleged that McKee had improper relations was identified as the Marquis Guglielmi.

M. Barbuou denied Mr. McKee's allegations and offered to produce testimony from his wife to show that the wife's physical condition at the time she was in Paris was such as to disprove the charges. He declared that the subject of the defense was not to furnish information to the French court but to bring McKee's reputation in America and secure the publication of certain letters she had written.

Advancing to a position close to the bar and speaking in a voice inaudible to the people in the court, M. Barbuou read to the judge, to demonstrate the animus of McKee, a translation of the letter which McKee had written to the Marquis.

"This man," Mr. Barbuou declared, "has failed to comprehend that in insulting his former wife, he also insults the mother of his child."

M. Labou, for McKee, will reply tomorrow after April 13.

ENTIRE CLASS SUSPENDED. Juniors of New York University in More Trouble Over Hazing of Freshman.

(BY THE ASSOCIATED PRESS.—A.M.) NEW YORK, April 8.—The entire junior class of New York University was suspended from the university for three days by the faculty today as a penalty for the hazing of Henry Bloch, a freshman student.

Bloch was on the campus and met the suspended juniors as they were leaving the chapel today, after an announcement of the faculty's action. There was another altercation between him and some of the juniors and Bloch was knocked down. Cooler members intervened and prevented further trouble.

The affair had its origin in Bloch's refusal to obey certain rules made by the juniors. In punishing him, he was dipped in the campus fountain, whereupon the faculty suspended President Young of the junior class pending investigation. All the students then went on strike for one day but subsequently returned to their studies pending an inquiry.

At a meeting of the student organization, the juniors decided to vote unanimously to accept the penalty imposed by the faculty.

(BY THE ASSOCIATED PRESS.—A.M.) PARIS, April 8.—The Hart McKee divorce suit was continued today. Maître Berthouin on behalf of Mrs. McKee concluded the pleading in rebuttal.

The Italian nobleman with whom it is alleged that McKee had improper relations was identified as the Marquis Guglielmi.

M. Barbuou denied Mr. McKee's allegations and offered to produce testimony from his wife to show that the wife's physical condition at the time she was in Paris was such as to disprove the charges. He declared that the subject of the defense was not to furnish information to the French court but to bring McKee's reputation in America and secure the publication of certain letters she had written.

Advancing to a position close to the bar and speaking in a voice inaudible to the people in the court, M. Barbuou read to the judge, to demonstrate the animus of McKee, a translation of the letter which McKee had written to the Marquis.

"This man," Mr. Barbuou declared, "has failed to comprehend that in insulting his former wife, he also insults the mother of his child."

M. Labou, for McKee, will reply tomorrow after April 13.

Will Have New Ritual.

Comfort Bags for Sailors.
The Central Woman's Christian Temperance Union will meet in Temperance Temple, at 2 o'clock tomorrow afternoon, to take up the work of making comfort bags for the sailors of the battleship fleet. All members are urged to be present at the meeting.

Around the World.
The first of a series of free illustrated lectures on his trip around the world will be given tonight at the Young Men's Christian Association by C. W. Guthrie, who began his trip at Los Angeles and ended it here, after having traveled 42,000 miles. Each lecture will be illustrated with from fifty to eighty fine views, and both men and women are invited.

Elysian Heights Improvement.
The Elysian Heights Improvement Association was formed last night, sixty-five members signing the charter. The main object in forming the association is to get gas and electricity in the Echo Park district. Following were the officers elected: President, H. A. Lewis; vice-presidents, H. C. Klingerman and C. A. Devens; secretary, A. H. Haglund; treasurer, Louis Duml.

Bank Clerks Dine Tonight.
There will be several speakers at the fourth annual dinner of the Los Angeles Chapter, American Institute of Banking, at the Angelus tonight. H. S. McKee, president of the National Bank of Long Beach, will give "Some Suggestions to the Student." L. J. Selby, of the Los Angeles Abstract & Trust Company, will talk on "Something from the South." Orange County Hospitalities.
Representatives of the Santa Ana Chamber of Commerce will meet the members of the excursion which will go from here next Thursday to Newport, Balboa Beach, and other coastal resorts, and extend the hospitalities of Orange county. A free luncheon will be provided at Balboa, and both will be furnished the visitors. On the return trip over the Pacific Electric, the party will be entertained at Long Beach. Tickets are now on sale at the Chamber of Commerce.

Give 'Em Your Address.
As the city directory is of great service to the postoffice in finding addresses of persons whose mail is incorrectly addressed, the postmaster is anxious that all those not seen by representatives of the Los Angeles City Directory Company notify the company of their correct address. The city has a large transient population, which makes it very hard for the postal employees to locate many addresses. The canvass of the city will close next Wednesday, and the 1936 directory will be issued as soon as possible following that date.

Celtic Diners and Fighters.
The Celtic Club has arranged a program for its dinner at the Lankershim tomorrow evening that anticipates the coming of the feast. Everything is to be distinctly American, with a Celtic flavor. Edmund Mitchell's songs, "Hail to the Fleet," will be sung, together with "The Star Spangled Banner," "America," and other patriotic airs. Dr. Jenkins and other Celtic blood, all the way down from John Paul Jones to "Fighting Bob" Evans on sea, and from Mad Anthony Wayne to Phil Sheridan on land.

"Rain" in Moving Pictures.
Moving picture films are practically spoiled long before their life of usefulness should end because of the rain that falls upon them. The injury comes from the continuous winding and rewinding of the film over the reels. The friction of the foot a second, forming static electricity. The electricity attracts all the particles of dust and dirt floating in the air, and the film is ruined. In winding the film up tight these particles scratch, hence the "rain."—(Popular

The hat is a bell-shaped hat with the text "DR. BELL'S" written on it. The bundle he is holding is large and textured, resembling a bundle of sticks or straw. The Callio Painters.

Naval officers who have made the cruise from the Atlantic to the Pacific at this time of the year are speculating on the cause of the mysterious "Callio painter" upon the ships as the "United States battleship fleet" returns to the States.

The "Callio painter" is a peculiar condition of the water in the harbor of San Francisco, California, which is sulphurated hydrogen due to the presence of sulphur in the water, or from some other cause. Ships painted white, as are those of Admiral Evans's fleet, are not affected by the "Callio painter" or grayish black within two days after anchoring in the harbor of Callio, the change being due to the effects of the mysterious "Callio painter," and that despite the most persistent scrubbing.

Whether Rear-Admiral Evans's ships are fated to encounter the "painter" or not, only time will tell. It is a pity that time alone can tell, but if they

United forces of the Shriners and the Sells-Floto Show had a magnificent street parade today, which drew thousands of people along the line of march. They were mounted on horses at the junction of the main highway, who topped off the parade with a line of red flags. As we come to think of it, this is the first time the Shriners have ever had the big contract of making a circus for a whole week. It is well-known that the Sells-Floto Show, Weber, and Tommy Thaw, and the having been his lawyer called the part of Thaw tried

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

TURN THE CHAPEL INTO A CHURCH.

RECOMMENDATION IS MADE BY PASADENA PRESBYTERIANS.

Ambulance for Horses, Cows and Other Animals, Which Was Ordered Some Time Ago by the Pasadena Humane Society, Is About to Be Shipped from the East.

Office of The Times, No. 21 E. Raymond Ave., Pasadena, April 2.—Harmonious in its record of property was the annual meeting of the congregation of the Presbyterian Church in this city last night. Every department of the church heard from a satisfactory and healthy condition and those minor activities of the church for plans for the annual meeting are said to be in a most satisfactory condition.

Salient features of last night's meeting were the recommendation that Westminster Church at the corner of Lake and Avenue 10 be sold and the Pasadena Presbyterian Church be organized as a separate church; that \$100 be given to Rev. T. Cumming Beattie, assistant pastor, in recognition of his efficient work of the past year; the announcement that his term will terminate in May and the committee is not ready to announce his successor; and the statement of Arthur H. Fleming of the Building Committee to the effect that the church property, which is practically clear of debt, has cost over \$12,750. The enrollment of members in the church is numbered at 111, and the Sunday-school has a membership of 50.

Trustees who were unanimously elected to succeed themselves are: Arthur H. Fleming, W. H. Veldner, John A. Goddard, George W. Stimpson, C. M. Woodruff, Dr. E. P. Clapp, H. A. Goddard.

In the report of the church treasurer, H. L. Stuart, it was shown that the income for the maintenance of the church proper for the past year has amounted to \$12,713.48, which leaves a balance of \$12,713.48. The church is now practically clear of debt, as the remaining indebtedness of the church, which amounts to approximately \$10,000, will be provided for within the next thirty days.

The fact that Westminster Chapel is to become a self-supporting institution marks the establishment of a new branch church in this city. Rev. W. E. Dodge has been gradually building up a congregation in the north side mission for the past two years and it is a compliment to his efforts that the congregation is now able to stand alone.

The committee in charge of the appointment of an assistant pastor to Dr. McLeod would not state the name of the man who was recommended. Rev. T. Cumming Beattie should not be recommended after May 1. It is not made known whether the Pasadena Presbyterian Church will be organized as a separate church or whether the church will be organized as a separate church.

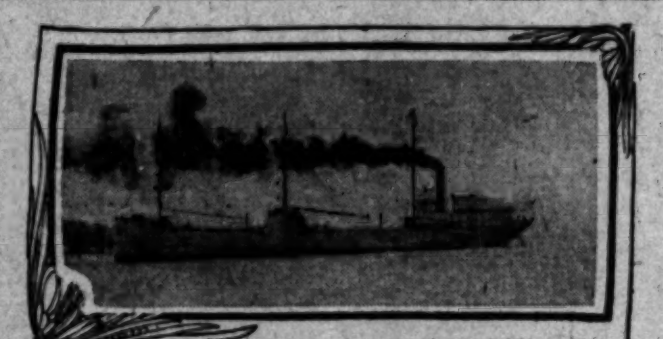

The Pasadena Humane Society officials have received word that the ambulance for horses, cows and other animals that was ordered some time ago by the Pasadena Humane Society, is about to be shipped from the East. Some minor particulars as to the ambulance have been received. The ambulance will be a motor vehicle and is expected that as soon as instructions arrive the vehicle will be held at the Pasadena Humane Society and will be used in the summer when such a vehicle is much in demand.

FRANK HOGAN. Frank Hogan, son of W. J. Hogan from the State of Kentucky, whose moonshiners used to hold away, has purchased a home in the land of sunshine in the residence of E. S. Himer at No. 127 North El Molino avenue, for which he paid \$10,000. This is Mr. Hogan's second winter in Pasadena and he has become so fond of the city that he expects to make his headquarters in this city. This means that his father, who is now in the Pasadena Humane Society, will have a home with his son in Pasadena and may be relied upon to come back here every winter. The property is a handsome one and well suited to a lover of Southern California.

WAITING DEVELOPMENTS. Two cases, the one of F. Frederick, who is at the Pasadena Hospital afflicted with hemorrhage of the nose, and that of Archie A. Taylor, confined to his home with a knife wound, are attracting the attention of Pasadena physicians at present. Frederick's danger is that his nose may start to bleed again and in this case he may die. He is 30 years of age and for some time past has been under the supervision of the Associated Charities in this city. Present the blood is checked but should it start to flow again the end will be near and the aged man will die alone, practically alone, in a strange place. His residence is at Long Beach 166 4-9 points, Santa Ana 16 5-3 points.

REACH HALF-WAY MARK. Lewis Newcomb, foreman of the gang repairing the Mount Wilson "old" trail, moved his camp from the quarter-way to the half-way house yesterday. The rest of the trail is almost completed, and soon the upper half of it will undergo repairs.

Pasadena city is to take advantage of the Pasadena Police and Sheriff's Office, which are now in the process of being organized.

Mr. and Mrs. W. H. Jackson of No. 429 North Pasadena avenue suffered from pneumonia, which was eating their dinner Tuesday night. A physician was called, and they were relieved without cause for alarm.

The Pasadena Humane Society and the Audubon Society have banded together to crush the work of certain people in this city who are molesting birds.

Another one of the many bicycle thefts reported lately was made known yesterday, when Floyd G. Thayer of No. 514 North Raymond avenue reported his bicycle stolen.

THUNDERBOLTS.

SO SHOCKING IS THIS SHARK.

REAL ELECTRIC ONE IS CAUGHT OFF LONG BEACH.

Eighty-six-pounder Joins People Who Touch It—Man Who Gaffe It Is Forced to Let Go—Unusual Catch of Flying Fish Near Outer End of Wharf.

LONG BEACH, April 2.—Capt. Harry Pedlar caught an electric shark on his set line this morning, but when he gaffed the creature he was shocked so severely that he let him go, but towed the set line into the pier, where he was hauled on to the wharf. The shark weighed 84 1-4 pounds, and while still alive administered several shocks to those who touched it.

A flying fish flew into the dip net at the Volk market on the outer wharf last evening as the net was being towed out of the water. The fish seldom come in and this is the first one ever caught in the vicinity of the wharf. It is in the curiosity shop on the pier.

I AYS CLAIM TO ADOPTED BOY.

TUCSON WOMAN SEEKS HIM IN SANTA MONICA.

Lad Was Put on Train at Globe for Trip to Another Arizona Town, but Came to Los Angeles and Was Legally Added to the Household of a Man at the Seashore.

SANTA MONICA, April 2.—Mrs. J. Whelan is here from Tucson, Ariz., on a mission of peculiar human interest. She is the mother of a boy of 9 years. While at Globe, Ariz., a few months ago she put the boy on a train there, with the request that he be sent to friends at Tucson. But instead, the lad was carried through to Los Angeles, where he was homeless, friendless and without means of support.

Quite naturally he drifted into an orphanage, and from there was legally adopted into the household of Joe Valenzuela of this city. The mother has been tracing her lost boy step by step for many weeks, but until she reached here was all the time several days behind him. And now that she has overtaken the object of her motherly search she is, temporarily at least, doomed to disappointment, for the foster father of the boy has no desire to give up his newly acquired heir.

The mother insists that she has not surrendered her title to her boy and Valenzuela declares that he has a legal claim upon him. Just what the matter will be finally adjusted is problematical.

OIL FIELD EXTENSION. That the extension of the Salt Lake oil fields, from Sherman Junction westward toward the sea is one of the assured developments of the near future is practically guaranteed by a lease that was negotiated today by the Santa Monica Land and Water Company, Limited, of Los Angeles, and the Amalgamated Oil Company of Los Angeles and covers a tract of eighty acres lying north of the Los Angeles electric line tracks and a short distance west of Beverly. The land east of Beverly is a part of the Wolfkill Ranch. By the terms of the lease the oil properties of the land are to be prospected at once and developed as soon as possible.

One oil well was recently completed on the Hammel and Denker Ranch near Sherman Junction. The well has been drilled to a depth of 1,000 feet and has struck oil. The well is now being tested and the results will be known in a few days.
